PART-TIME

Duration
4 Weeks

VOICE OVER ACTING AND RECORDING

OVERVIEW

The course covers the fundamentals of voice-over performance techniques, interpreting a script, connecting with the audience, character development and recording and editing demo reels.

The voice-over acting and recording sessions will be in a professional recording studio. In this setting, you will acquire the basic knowledge and practical skills to build authentic and convincing character performances. This will prepare you to record your own demo reels and start your own voice-over performance career.

PROGRAMME CONTENT INCLUDES

- Develop voice production techniques
- Interpret a VO copy/script
- Understand character-development techniques to connect with your audience
- Practice studio recording techniques
- Create voice-over demo reels.

CAREERS

Dialogue and voice-acting for:
